

## President's Message—Mary Anne Lewandowski

*Hello Friends,*

I hope you all had a wonderful holiday season! I would like to first thank the Executive Board members for doing a terrific job this past year. We appreciate your efforts to make LCCC a great club that we can be proud to be members of. I'm certain that most of us are not aware of all the little things you did behind the scenes, but the outcome shows that you were looking out for the best interest of the club. Thank you, Kurt, Cody, Carl, Scott, Sue, Mike, and Tony!

I am looking forward to the coming year. I believe that we have a strong E-board again this year. With new board members in the Treasurer, VP and President roles, there will be some ramping up required. Our predecessors have already begun the knowledge transfer and will walk beside us as we come up to speed. Please give us newbies a bit of grace as we transition into our new roles. Know that we will do our very best for you.

Wasn't the December meeting/Christmas dinner fun? Cody brought a fresh perspective to our event. It was fun to see the efforts of those who, despite the rain, decorated their cars and there were some fun outfits worn by the attendees (not the least of which was our fearless leader, Kurt, with his Christmas light necklace, reindeer sweater, and sunglasses)!

Looking ahead to January, we have the annual Barrett-Jackson "The Price is Right" event. So dust off your Carnac the Magnificent hats and make a few wild guesses on the usually unpredictable hammer prices on the cars that our event leader, Jeff, will so astutely hand-select for us.

Happy 2025! Let's GO!

*- Mary Anne Lewandowski*

# 2024 Club Award Nominations

## Five Awards to Be Presented at The Annual Awards Banquet and Dinner Dance in March.

The club's Annual Awards Banquet and Dinner Dance is here again. Vice President Cody Howry is working on the banquet details. The flyer for making your reservation will be forthcoming.

Kurt Steidle recently began organizing a committee to review nominations for the awards. The categories remain the same as last year's.

The following are the award categories with a description of each:

**LCCC Lifetime Achievement Award**—One person, recognized annually, for the consistently outstanding leadership, participation, involvement and contributions to the club throughout their membership tenure. This award is based on achievement not attendance. Recognition should be limited to those individuals who have been members for 15 years or more.

**LCCC Outstanding Worker(s)**—Recognition of an individual or couple that consistently 'steps-up' to help in club activities throughout the year. Often, they go above and beyond in their efforts.

**LCCC Unsung Hero**—Recognition of an individual member that typically 'flies below the radar,' but consistently shows up, [participates and gets involved in a variety of club activities.

**Outstanding Leader(s)**—Recognition for an individual or couple who both actively participate in the club's various activities and events, including taking leadership/organizing roles in a variety of activities or events.

**Outstanding New Member**—Rookie recognition of an individual member who has recently joined the club (since July or the previous year). These new members have jumped in 'headfirst' to participate in activities or events and actively support the club.

Remember that these awards reflect the 2024 club year. To nominate members for these categories, use the SurveyMonkey link below. Please include a brief comment as to why you believe your nominee deserves to be recognized. The deadline for nominations is January 25, 2025.

# Front Page Feature Corvette— Dave Hirst

## *It's Certainly Fast Enough...*

The picture of the picture of my first Corvette is a 1962. I bought it when I got out of high school; it was a 327c.i./300hp. I only had it for part of a year before I decided to get married and I couldn't afford both a wife and a Corvette.

The white '74 is the one I bought later on. I had it customized because I spun out on a piece of ice and hit all four corners so I had the whole body redone and customized tail end and a customized front end. It also had side pipes on it. I then had the engine rebuilt, had it bored and balanced came out to have around 300 horsepower when I was done.

The last one of course is the one I have today, it's a 2000. I have owned it for 23 years. I bought it from Bill Cox, who's also a member of the Corvette Club. I really like the C5. I like the style; I like the handling; it's comfortable and certainly fast enough to kill yourself! *(editors note: while going fast in the right place is a real hoot, please do so legally, safely, and stay alive!!)*

# “The Price Is Right!”

**Barrett-Jackson  
Auto Auction  
January 21-25, 2025**

## 2025 Barrett-Jackson “The Price Is Right” Is Right Around The Corner!!

The **Hysteria** of the Christmas season is finally over, Santa is comfortably back in his **Arctic** confines, and the **Black** cloud of winter hibernation will soon give way to the **Rapid** approach of Spring! Jim Roberts will make his annual trek to the 24-hour race about two and half hours north of **Sebring**, where drivers fight through the **Red Mist** that occurs with one too many hours behind the wheel. Meanwhile, that little **Competition** we call “The Price Is Right” will kick-off in conjunction with the 2025 edition of the Barrett-Jackson Scottsdale Auction, and we’ll see if last year’s overall winner Steve Witmer will retain his crown or pass the **Torch** to a new champion, and if most of our competitors can avoid the **Riptide** currents that often swamp the majority of our field. Take a chance and join the fun – you might just become the new **Sea Wolf** that players will fear in the years ahead!!\*

Here are the highlights: Our contest will run from Tuesday, January 21st through Saturday, January 25th. The official entry form will go out via email blast no later than Saturday, January 11th, but might arrive earlier if your Gamemeister can plow through the entire Barrett-Jackson field and whittle-it-down quickly. Entries must be submitted by 10:00pm EST on Saturday, January 18th, so that team selection and data entry can begin. For a full overview of how our little game is played, contest rules, prizes, etc., see the intro article published previously in the December “The EnCorvette Review” newsletter, send me an email at zr1-zo6@comcast.net, text me at 717.201.4690, or if all else fails, ask any of our TPIR veterans.

There are TWO significant changes to the contest this year:

1. Based on feedback from previous participants, we’re slimming the field back down to a total of ~24 Corvettes (exact number TBD). Yes, we’ll still have the four “Bonus Cars” for Saturday night, along with two “Contingency Cars” should one of the Corvettes in our field disappear before its scheduled appearance on the

docket.

2. To encourage more participation from newbies, we’re increasing the number of prizes available EXCLUSIVELY to “Rookie” participants – those that have never played or have not participated since 2021 (if you’re in this category, think of yourself as “re-virginized”). Each day will feature a randomly selected Corvette from the day’s docket that will be our “Beginner’s Bounty” car, where the Rookie that scores best will take home the prize! To keep it fun, each Rookie can only win ONE of these prizes, so that we spread the joy around!

NOTE: I am excited to convey that the Saturday Night Viewing Party is BACK!! Suzanne and Mike Baker have graciously offered to host, so make your plans NOW and block your calendars for Saturday, January 25th! More details to follow...

For our TPIR veterans, I know you’re ready to rumble. For potential TPIR newbies, I know you’re curious, so prepare to have some fun! Let’s shoot for an ALL TIME HIGH of at least 50 participants this year! Did I mention that there were prizes? Yes, there are lots of PRIZES, so jump-in and have some fun!

\* - For those that didn’t make the connection or get them all, each of the italicized words in the opening paragraph are from the ten currently available Corvette colors for 2025: Hysteria Purple Metallic, Arctic White, Black, Rapid Blue, Sebring Orange Tintcoat, Red Mist Metallic Tintcoat, Competition Yellow Tintcoat Metallic, Torch Red, Riptide Blue Metallic, and Sea Wolf Gray Tricoat. For those that did, nice job!!

## National Corvette Museum Artifact of the Month

### 1999 Lionel Corvette Transport GP7 Train Set

Corvette enthusiasts know there is no shortage of products to which the sports car has lent its name. All kinds of toys, collectibles, and specialty items have used Corvettes as a theme, especially for products created by other iconic American brands. In 1999, for instance, toy designer Lionel partnered with General Motors to sell Corvette-themed train sets like this one. Donated to the National Corvette Museum by George Biederman, the set includes a locomotive, two flatbed cars, four die-cast Corvettes, and a caboose. This train is an O scale set, meaning the rolling stock is about 1:48 scale compared to a real train.

The set, called the Corvette Transport GP7, is a celebration of the Corvette's famous styling. The locomotive is red with a white cove and includes the Corvette crossed flags beneath the windows on the cab. Even the engine itself, the GP7, is a type of diesel-electric locomotive built from 1949 to 1954 by GM's Electro-Motive Division. The four die-cast Corvettes include a Polo White 1953 and Gypsy Red 1955, both from the first generation. Also along for the ride are a Torch Red 1997 and an Arctic White 1998 Corvette, representing the fifth-generation contemporary to the train set. The locomotive includes light and sound features, and the interior of the caboose even lights up as the train runs.

Although the Corvette has enjoyed a lengthy production run, Lionel's history of creating model trains is even longer. The present company traces its roots to 1900. By the 1920s, the original Lionel Corporation had become the American industry leader in producing toy trains. Lionel also encouraged department stores to make model trains part of their Christmas displays, which fostered the relationship between the holiday and train sets. Facing mounting financial difficulties by the late 1960s, the corporation began leasing the Lionel brand to another manufacturing company to produce the toy trains. The owner of the brand has changed several times since then, but the current version of Lionel continues to be a popular producer of model trains today.

December is special and in the spotlight  
Bear with me tonight with reverent proclivity  
I may not have included all our activity

Yours truly finally won the annual event  
Bennie and the Vettes won the team competition  
Ali, Jim, Susan, Scott K, Val F, we finished our mission

I hope that Tony, last year winner, gave her a cookie  
Award banquet at Timbers was really quite fun  
The food was fantastic including the bun  
Rick and Angie did a theme party hippie  
The weather outside was a little nippy  
Charles Lee and DJ Gary kept the night full and festive  
With singing and dancing it helped with our digestive

Mary Anne got the nod through persevering  
The Lifetime Achievement was very deserving  
Only 2 auto X this year due to venue displacement  
Hopefully we will find a suitable next year replacement  
Parades kicked off with Memorial observing  
The parade brigade did their job always subserving  
Some Stormer games were included early this year  
Steven Colucci hit with a baseball still has no fear  
Daniel was on the horizon and Sight and Sound was the destination  
Old testament was on display with enthusiastic acclamation
