

President's Message—Kurt Steidle

April Showers Bring May Flowers Plus a Potpourri of Topics!

Ok, so most of April was not extremely wet, but the first week made up for the rest of the month so I believe the old saying will hold true. In any case, the club kicked off the month with our first Auto-cross of the year on Sunday, April 14th. We had a beautiful day but a light turnout. Regardless, we pulled in \$1,336.00 for the event, a nice start for 2024.

Later that week, the club had a casual get together at Ephrata's Udder Choice restaurant on April 18th. A good crowd showed up for a light meal and of course, ice cream. Maybe we should start serving ice cream at the Autocrosses?

Vice President Cody Howry has set up the club's Instagram account. This gives us a parallel but useful portal to bring attention to the club's activities and share awareness of the good things we do. In order to help club members gain an understanding of this platform and other ways to communicate with members, a few familiarization sessions are being planned for the next two General Membership Meetings.

At the May 8th meeting, I will show attendees the club's website to explain where various information can be found. For the June 12th meeting, Cody will demonstrate the Instagram platform. Mary Anne Lewandowski will speak about the Facebook platform at the July 10th meeting. It is my sincere desire that the outcome from these sessions will improve members' understanding of the club and make it easier for everyone to participate in all this club offers.

Speaking of all this club has to offer, May will be busy with three events starting with a short cruise to Hershey for a meal at Iron Hill in downtown Hershey and then a tour of the Antique Automobile Club of America (AACA) museum. On Sunday, May 19th, members have a game at Clipper Stadium for the Barnstormers – err, Stormers...game against the York Revolution. The Stormers must have hired the same guy who took the Dodge name off the Dodge Ram pickup trucks. Closing out the month on May 31st is a group dinner and then a show, "Daniel" at the Sight & Sound Theater.

Thinking about the future, start getting your registrations in for June's Corvette at Stauffer's of Kissel Hill show. It will be here sooner than you think. As always, get your Corvette out and enjoy it

General Meeting and Executive Board Summary

General Meeting—April 10, 2024

The March general meeting of the Lancaster County Corvette Club was held on Wednesday, April 10, 2024 at the East Petersburg Fire Hall. The meeting was called to order by President Kurt Steidle at 7:32 PM with the Pledge of Allegiance to the flag.

Guests: Marlin Stoltzfus.

Governor's Report—Scott Breneman

Scott Breneman noted that for the Perry County Show at Register, you must pre-register by 5/25/24 if you want to be judged. Scott reminded everyone about the first Auto Cross this weekend and noted the need for volunteers. The next Auto Cross will be 6/9/2024.

Scott also reviewed that a group will be going to Pittsburgh together in May (5/9/24) to see Jim when One Lap is in Pittsburgh- see Scott if you are interested in attending.

The Eastern Region event is happening 6/1 and 6/2 at the Auto Mall- information is in the Newsletter if you are interested in attending one or both days.

President's Report—Kurt Steidle

Kurt Steidle presented Deb Sumpman with her Unsung Hero Award.

Kurt discussed the passing of Cat's Meow owner Dave Matos and stated that we would be accepting donations from those who would like to contribute toward flowers. Cat's Meow is a donor for our American Legends show and many members go to the restaurant after monthly meetings for dinner.

Kurt Steidle discussed the passing of long-time CVCC member Dave Walter. Dave was the first member of CVCC and he and his wife were very involved in activities with CVCC and NCCC. Services will be on Friday- see Kurt if you are interested in attending.

Kurt is going to use the projector and walk through the LCCC website to show what is available to all the members and where to find resources that are available.

Vice President's Report—Cody Howry

Cody Howry reported that he would have the new Instagram account created by the end of this week so that Club events can be posted to social media. Cody also talked about a Forever 18 Benefit Auto Show on 4/20/2024 in Johnstown. Proceeds go to

the Marines, First Responders, ELCO/CTC Scholarships and Camp Cadet graduates.

Membership Report—Mike Baker

Mike Baker reported that the new roster is on the website. If you have not been receiving email blasts, please reach out to Mike so he can make sure that we have accurate contact information and you are not missing anything.

Newsletter Report—Tony DeFelice

Tony DeFelice is away on business tonight.

Activities/Parades/Competition:

Activities

- Angie Evans discussed the Sight and Sound Theater event to see Daniel on 5/31/2024. The cost is \$94.05 per person and this is for seats reserved by Angie in the preferred seating area. Tickets are selling quickly so please reach out to Angie to let her know if you are interested. There will be dinner beforehand at Funk's.

Parades – Ken Unger

- See Clipboard list.

Shows

- York County Corvette Club will be having an All-GM show (not NCCC event) on 4/27/24 at Thornton Chevrolet.
- Flyers for Stauffer's of Kissel Hill show are available, please take some to give away at any shows you attend.

Open Forum

- Angie and Deb talked about the Angels project for the Legends show. The themed baskets did very well last year so please think about putting themed baskets together again this year for a donation. They could also use medium-sized baskets (with flat bottoms) if anyone has any.
- Angie also asked if you have any gently used clothing that you could donate, to please bring these items in as well.
- Mary Anne Lewandowski stated she has 2 pairs of tickets she will sell at face value. One is for the

LCCC April E-Board Meeting Minutes

The Executive Board Meeting of the Lancaster County Corvette Club was held on Wednesday, April 24, 2024 at the Breneman home beginning at 7:00pm. Present were Rick and Angie Evans, Jim and Sharon Roberts, Mike and Sue Baker, Scott Breneman, Kurt Steidle, Carl Lally, Cody and Troy Howry.

Old Business: Everything needed for the trailer maintenance has been purchased and just needs to be put on at this time. Scott and Rick will schedule a time for the maintenance to be completed.

There is no news on the raffle car at this time. Kurt is keeping in touch with Jody and Carlisle Productions about getting the raffle tickets printed and available. They are waiting on a small games of chance spe-

cial event number which needs to be printed on the tickets. We should receive them in early May.

The LCCC Parade form with guidelines was reviewed and is good to go for all parades. Mike will reach out to Ken to let him know that they will be posted on the website for easy access.

The Secretary's report for April's General Meeting minutes was approved after a motion by Cody, seconded by Scott and passed by all.

The Treasurer's report was reviewed. Due to some invoices that were received, Carl will update the finance sheets and send them out to the E-board for review before Friday.

Cody reported that Instagram is now up and running. He will prepare a message so that an email blast can be sent to the members of the club to make them aware. There was discussion of linking the Facebook page and Instagram page together, so the same information is sent out at the same time. This will need to be a separate meeting to discuss if this is possible. It was discussed that it may be helpful, if in June, Cody used the projector to review the Instagram page with the members and how to find it as well as what information can and will be shared.

Cody also shared that he has tentatively scheduled the Embers for the Holiday Party in December (12/11). He is waiting for the information to be sent to him.

Kurt reported that Ken sent a proposed budget for the Stauffer's of Kissel Hill show. The budget is pretty similar to last year's budget. Troy reported that they were looking at trophies next week. There is a message into Debbie Drescher at Stauffer's to try to complete a video to upload to social media.

Governor's Report: There was discussion of members who may choose to join our club from another club- if they already paid dues at their previous club, we should not charge the NCCC amount as they would have already paid this with the previous club's dues.

Mike asked if there was anyone in the club who would be responsible for reaching out to members who are sick or ill. Mike will take this on in his role with Membership.

Tony was not present at the meeting this evening.

Activities/Parades: Nothing new at this time.

Competition: The first Auto Cross went well. Scott received a lot of positive feedback on the course.

LCBC Church in Manheim will be holding their annual show on June 8th with a rain date of June 15th. They will feature the Corvette as the highlight of the show. There will be an email blast for membership for anyone who is not going to Perry County and would be interested in going to the LCBC show so they can meet up and go in as a group.

There being no further business – motion to adjourn by Scott, seconded by Sue and approved by all- the meeting was adjourned at 8:03pm.

NCM Ambassador's Corner – Mary Anne Lewandowski

The next time that you visit the National Corvette Museum, be sure to look upward as you explore the exhibit *Driven by Design*. Suspended from the ceiling is a wire-frame model in the shape of the C5 Corvette. This model was one of the tools designers used to visualize the body of the C5, the design that would take Corvette into the 21st century.

When it debuted in 1997, the fifth generation was the most revolutionary Corvette ever created. Its development began in the late 1980s and early 1990s, but during this time financial difficulties and corporate politics within General Motors were threatening the future of the Corvette. Its sales had been falling for years, and it could have been eliminated from Chevrolet's lineup entirely. However, the dedicated group of engineers and design staff who worked on the Corvette remained committed to the next generation, one that would set new standards of quality and performance that would revitalize the Corvette name. As a result, most of the parts and pieces of the C5 were brand new components designed specifically for the next Corvette.

One idea that the engineering team proposed was to give the C5 chassis a "backbone" structure. For the "backbone" design, the chassis would consist of two side rails held together by cross members. Each side rail would be a single piece shaped through an advanced hydroforming process that would make all C5 side rails exactly alike. This was a radical departure from the C4, but the theory was that the "backbone" chassis with hydroformed side rails would provide the C5 with better maneuverability and make the car stronger. Accordingly, the design team had to create a body that would be compatible with the "backbone" chassis.

Inspiration for the shape of the C5 came from several sources including design sketches, aerodynamic testing, and even feedback from current Corvette owners. Particularly influential was John Cafaro's "Black Car" design that incorporated sleek, swooping fenders reminiscent of a jet plane. The Corvette team would continue to refine the C5 design, ultimately creating the shape of the wire-frame model at the National Corvette Museum. It now provides visitors with a peek into the creative process that gave life to the innovative C5.

Always Corvette Fans – Ownership Came Late

Joanie and I have always enjoyed cars from our dating years in high school when we would go to dirt track races at Big Diamond Raceway in Schuylkill County. We always liked Corvettes and we visited the National Corvette Museum long before we owned a Corvette. We always had rather practical pedestrian cars that we enjoyed. I was routinely driving a company issued van so there were many years that we only had one car.

Our first Corvette didn't come until 2012 when we purchased a 2008 coupe with the Z51 option. We fell in love with that car with its gloss black exterior and two-tone ebony and cashmere interior. We enjoyed that for seven years and it is how we came to join the Lancaster County Corvette Club.

We weren't really 'in need' of a new car but in 2019 the prices for the last of the front engine cars were very low as the mid-engine C8 was just months away and the waiting list was growing. Joanie suggested we upgrade, as we had seen a beautiful new Watkins Glen Grey Grand Sport coupe with silver wheels and a light grey interior. We took the plunge and haven't regretted it.

I put us in the middle of the bell curve for average Corvette owners. This means we will drive it in the rain, take it on trips and it's been on some tracks, but it's also kept show-ready clean and protected in its spot in our garage.

Christmas Angels

It's time to start thinking about our Christmas Angels project. Last year members were asked to contribute a fully completed theme basket and the response was great! Because those baskets were a major draw we are hoping to make them an even bigger part of our raffle/auction this year, but we need your help. A sign-up sheet with suggested ideas will be circulated at both the May and June meetings. Start to think about what type of theme basket (or baskets) you could contribute.

As always, any new or almost new random items to make or add to baskets are needed and appreciated. Start looking for and gathering those things now, but hold off on bringing them in until the July meeting. Also, if you have any medium sized baskets (able to hold 4-5 items) with a flat bottom we may be able to use those.

Basket making will take place at the Sumpman's again this year. The tentative date is Tuesday September 10th.

One last thing ---- We want to bring as many people to our car show and raffle/auction as possible, so start talking about it to family and friends. We need to promote our projects and word of mouth is important! Please let people know the Legends Show is not just a car show, but includes a raffle and silent auction to raise funds to help support Clare House.

Thanks,

- **Deb and Angie**

2024 Activities—Pocono Driving School

We arrived at our motel on Friday April 26 at about 4 o'clock in the afternoon for registration and event check in. At that time they check each car to make sure it's suitable to run at high speed on the track .

On Saturday morning at 8 AM we had a drivers meeting to go over all the regulations when you're driving on the track (and there is a lot of them).

There are 5 driver categories, depending on their track experience. The categories are Novice, which is no experience on the track, that is me; Intermediate 1; Intermediate 2; Advanced; and Instructor.

The Novice Class (that's me again) had to go to school for an hour in which they go over every little detail that you must know when you're on track.

Now finally we get to go on the track. Jim Roberts drove us in my car around the track to show me what I will be dealing with. I can tell you it's scary the first time you're going at high speed on a track. Now it's my turn to drive on the track, that's when I realized how much I had to learn.

Each category had four slots of 25 minutes each on the track over the two days. Jim Robert said I did improve each time I went out but in the end, I still have areas in which to improve.

It is scary, but so much fun. I will do it again if I get the chance and I would encourage anyone who wants to see how their car performs at high speed should do it. Jim Roberts is an excellent instructor and I am so fortunate to have been able to participate in the high speed driving school.
